

Bluehawker is a cruiser stern widebeam, with steelwork by ABC Boats and the fit out by the owners, who are professional joiners and painters.

The entrance to the boat is from the stern, which is protected by a pram hood style cover and is a large open area ideal for dining and socialising during the warmer months. Steps lead down into the main cabin and the galley area. The interior joinery is superb throughout and the space afforded by a 12ft wide craft makes this boat very comfortable and luxurious. The saloon lies beyond and is open plan to the galley. It contains two leather upholstered sofas, and a diesel fired stove stands in one corner. This stove also provides central heating throughout the rest of the boat. A corridor leads off from the starboard side, and passes the guest bedroom which contains a double berth. On the opposite side of the corridor two separate sets of doors open to make an office area and the second a utility cupboard with a fitted washing machine. The shower room follows complete with a ceramic cassette toilet, and opposite that is a small wash room with a porta potti for as a back up. The corridor enters the forward cabin, which is the master bedroom. This has extensive wardrobe space and a king size double bed.

Outside at the bow end there is a large storage cabin, separated from the interior by a solid steel bulkhead. The bow locker also provides additional storage.

Widebeam BLUEHAWKER

MAIN DETAILS

Style: Widebeam • **Length:** 65ft x 12ft • **Berths:** 2 + 2 • **Shell builder:** ABC Boats • **Fit Out:** David Savage
Steel thicknesses: 10 / 6 / 4 • **Year:** 2010 • **Reg No:** 519780 • **CIN:** N/A • **Boat Safety:** 2017
